Title:

Comments: Hi,

My name is Carolyn Pierson. I live at -PII-

I am writing to express my outrage and concern about the drilling and desecration of a sacred site to the Lakota, Dakota and other Sioux tribes known as Pe' Sla.

Treaty rights are being ignored yet again! Pete Lien & Sons must be stopped. Their 18 drill pads, some of which would be inside Pe' Sla's protected area, would not only spoil sacred land and disrupt indigenous ceremonies and dishonor ancestral territory, but could also poison Rapid Creek and contaminate the groundwater.

I request a 60-day extension of the public comment period and insist on an Environmental Impact Statement (EIS).

Thank you for your time.
