Comments: How many times must we disenfranchise our Indigenous people? Lies throughout the centuries have given them little to believe in. Yet you want to take away even more of their lands and way of life. Money will not feed or clothe us when Mother Earth is gone. Do the right thing and GO AWAY so they can live their lives in peace and harmony.

There must be an extension to the comment period and also an environmental impact study to show ALL aspects of this infringement on their lands and rights. Until then, stop this senseless land grab and the greed it represents,
