Comments: As someone born and raised in Sioux Falls, SD, and a registered voter in Lincoln County, SD, I AM Expressing my absolute disagreement and disgust toward attempts to further strip indigenous people's holy, sacred lands in South Dakota(and anywhere else) to be used against their consent, against the sacred doctrines and teachings of The Creator for resources that only further the benefit of those who are undeserving of the riches within them. Stripping this beautiful, sacred land from the people to whom it has been bestowed rightfully upon is something I CANNOT and WILL NOT ever agree with, especially as someone born in South Dakota. This attempt is disgusting and anyone participating in this endeavor should be ashamed of themselves for it. LEAVE IT ALONE. It was never meant for you, for your profit, for your greed. These acts of pure greed and hatred MUST STOP. I do not consent, I do not agree to what is being planned or done against the Peoples or their land. It is time we work to undo our egregious acts of genocide against those who were, and still are, wholly undeserving of such treatment by my/our ancestors. This does the opposite.. and for that I, nor my ancestors, cannot stand.
