Comments: Dear Forest Service team,

I'm writing to show my strong support for the Shadow Mountain Habitat Enhancement project. The back of my property borders the BTNF and Shadow Mountain, and I hike the area often. Over the years, I've noticed the increasing buildup of fuels and the dense conifer growth, and it's clear that action is needed to reduce wildfire risk.

I really appreciate the thoughtful approach you're taking with this project-balancing wildfire mitigation with protecting the land's natural beauty and wildlife habitat. It's reassuring to see the Forest Service planning ahead to make our forests healthier and safer, not just for today but for future generations.

Thank you for all the hard work you're putting into this project. I'm excited to see it move forward and grateful for everything you're doing to care for this incredible place.

Sincerely,

Jason Jones
