First name: Todd

Last name: Waldron

Organization: Ruffed Grouse Society & American Woodcock Society

Title:

Comments: Ruffed Grouse Society & American Woodcock Society supports science-based sustainable forestry, promotes diverse forest landscape mosaics, and applauds the positive impacts this diversity has on resilience, climate, people, forests, and wildlife. We are a supporter of the Lost River Integrated Resource Project and applaud your efforts and work. As a national and regional conservation partner with members and a chapter in the Granite State, we support the Forest Service's efforts to initiate this project, and we look forward to working with the agency as a key partner and stakeholder. On behalf of our members and supporters, we thank you for your careful consideration and action to support healthy forests, abundant wildlife, climate solutions and promoting a conservation ethic in New Hampshire. RGS & AWS would be happy to comment further or address questions on these considerations in your future deliberations.

Respectfully submitted,

Todd H. Waldron

Forest Conservation Director - Northeast

Ruffed Grouse Society
