First name: Daniel

Last name: Foscue

Organization:

Title:

Comments: Please do not allow this project to proceed. These are sacred lands on gods green earth. The waters that flow from them provide drinking water, a vastly more important need than graphite. The local citizens deserve to have their needs prioritized over multi-national corporations. It's time for community minded people at all levels to stand up for the basic rights of everyone. God is watching . Thank you.
