Comments: I would like to voice strong opposition to expanding the boundaries of Grand Targhee ski area. I worked at the area for quite a few years and guided cat skiing for many of them. I don't see any need to expand the boundaries of the current ski area.

It would be better to utilize the current terrain and designate new runs within the boundaries of the area. Grand Targhee is a unique ski area and the whole idea of expanding it would be counter to the beauty of the ski area as it currently exists and counter to the unique opportunities to access backcountry skiing and touring outside the boundaries of the area.
