First name: Shawna

Last name: Byrd

Organization:

Title:

Comments: I am a resident of Rapid City, South Dakota. This is a beautiful place and we need to keep the integrity of the Black Hills away from drilling and mining. We need to have clean water! WATER IS LIFE! Without clean water, we die! I grew up in a tropical pkace and the Black Hills are just as beautiful. We also need to respect the culture, tradition, and spiritual places of our Indigenous relatives
