Comments: I've live here for almost 30 years! It's been a great place to live, and be at peace with Mother Nature! I keep horse and use them to ride through the woods! Very relaxing, except when the razors, side by side come tearing through with no regulation, and there lack of the respect towards mother nature!Now your proposal to drill for mining in my back yard is unbelievable! There is a neighborhood here, with all of the wells, springs and runoff creeks! Seem you don't care about people! More likely money is your goal! So , what happens to water levels, contamination of water quality and plant life will be destroyed, this area is a Mecca for wildlife and small animals, the ground water runoff to designated trout streams! I am ?? Percent Appose this as your greed and your lack of respect for our environment, and neighbors is overwhelming! Please don't do this!
