Comments: Hello,

I oppose the project proposed by Pete Lien & Son Pete Lien, the Sons Rochford Mineral Exploratory Drilling Project #6783. I request an extension to the comment period.

This project violates the protected boundaries of a Pe'Sla, a sacred site to Lakota, Dakota, and many other Nations.

I oppose this project with the understanding that if Indigenous rights and sacred sites are no longer safe from mining, no one's backyards are safe from mining.
