Comments: Hi. My name is Carolyn Pierson and I'm writing today to say that Lien & Sons' drilling project at Pe' Sla is shameful and wrong. The company should withdraw the project immediately and apologize to the many tribes who hold that area sacred. This is a blatant attack on Indigenous culture, sovereignty, and religious freedom. I am appalled to hear that anyone is considering the violation of such a holy place. This would be a disgraceful disregard of Indigenous rights. Protect the Pe' Sla from mining destruction now.

Thank you for your time.
