Comments: My name is Sabrina, I am a citizen living close to nature and siblings near the Black Hills. I oppose the Rochford Mineral Exploratory Drilling Project moving in for exploratory graphite drilling. The area is both a sacred site to Lakota people and it threatens the health of the water supply for the surrounding areas, including Rapid City and the Ellsworth Air Force Base, as well as other underground water table. I would like to call for the Forest Service to do an Environmental Impact Statement for this project. Thank you for your consideration.
