Title:

Comments: Hello, The Black Hills hold a special place in my heart. It is place that is wild & place that is will be place that it wild & place that is wild & place that is will be place that it will be place that it wil

The Rochford Mineral Exploratory Drilling Project would be at the very least a complete disruption of the quiet & Drilling Project would be at the very least a complete disruption of the quiet & Drilling Project would be at the very least a complete disruption of the quiet & Drilling Project would be at the very least a complete disruption of the quiet & Drilling Project would be at the very least a complete disruption of the quiet & Drilling Project would be at the very least a complete disruption of the quiet & Drilling Project would be at the very least a complete disruption of the quiet & Drilling Project would be at the very least a complete disruption of the quiet & Drilling Project would be at the very least a complete disruption of the quiet & Drilling Project would be at the very least a complete disruption of the quiet & Drilling Project would be at the very least a complete disruption of the quiet & Drilling Project would be at the very least a complete disruption of the quiet & Drilling Project would be at the very least a complete disruption of the quiet & Drilling Project would be at the very least a complete disruption of the quiet & Drilling Project would be at the very least a complete disruption of the quiet & Drilling Project would be at the very least a complete disruption of the project would be at the very least a complete disruption of the project would be at the very least a complete disruption of the project would be at the very least a complete disruption of the project would be at the very least a complete disruption of the project would be at the very least a complete disruption of the project would be at the very least a complete disruption of the project would be at the very least a complete disruption of the project would be at the very least a complete disruption of the project would be at the very least a complete disruption of the very least a complete disrupt

I request a 60 day extension of the scoping public comment period.

I also want the Forest Service to do an EIS for this project.

Thank you.
