Comments: I am reaching out to express that I am against the graphite mining project. Honestly, I am getting real sick of Pete Lien and Sons stripping the hills of every possible stone, pebble and mineral to make a few bucks. All across the beautiful hills are stripped down gravel pit eye sores where forest used to be. We don't get this resource back, we are lucking to live here and be able to hike, hunt or fish in such a wonderful place. It would be nice if they quit trying to destroy it.
