I am opposed to the USFS approving a Special Use Permit (SUP) at this time to Jacobsen/Knowles due to the lack of a clear, concise, well written proposal

or MDP from Jacobsen/Knowles. In addition, numerous systems are Not in compliance with the current permit requirements of state and county regulations. For this reason, a new permit should Not be issued to Jacobsen/Knowles and certainly no permit should be issued under the guise of a Categorical Exclusion until All systems and permit violations have been brought into compliance.
