Title:

Comments: The name of the project (Rochford Mineral Exploratory Drilling Project #67838)

I request a 60-day extension of the "scoping" public comment period, so everyone has an opportunity to comment.

I do not want damage done that interferes or degrades or interferes with the traditional ceremonial practices for Lakotas on these sacred lands.

I see high potential of negative environmental impacts and the disruption of traditional ceremonial practices for Lakotas from this proposal.

You must require an Environmental Impact Statement (EIS) for this project that fully covers impacts to environmental conditions, ecological system, and cultural practices.
