Comments: The name of the project (Rochford Mineral Exploratory Drilling Project #67838)

I request for a 60-day extension of the "scoping" public comment period, so everyone has an opportunity to comment.

Rochford Mineral Exploratory Drilling Project - I oppose mining on this land because of the environmental impact it will create such as polluting water, air and harm wildlife in the area. In addition, mining in the area will disrupt the traditional ceremonial practices for Lakotas, the original AMERICANS.

I would like the Forest Service to require an Environmental Impact Statement (EIS) for this project.
