Comments: The proposed mining project, Rochford Mineral Exploratory Drilling Project #67838, is too close to sacred Lakota land. I care about this project because I don't want more land desecrated for the sake of corporate interests. I'm concerned about the potential environmental impacts of the drilling as well as the disruption of traditional ceremonial practices for the Lakota people. I want a 60-day extension of the "scoping" public comment period, so everyone has an opportunity to comment. There also must be an Environmental Impact Statement required for this project.
