Comments: I'm writing about the Rochford Mineral Exploratory Drilling Project #67838.

I'm concerned about the potential negative environmental impacts, and the disruption of traditional ceremonial practices for Lakota People.

I request for a 60-day extension of the "scoping" public comment period, so everyone has an opportunity to comment.

I also feel extremely strongly that the Forest Service needs to require an Environmental Impact Statement (EIS) for this project.

The Black Hills are a uniquely beautiful and culturally important place. Please protect them.
