Comments: I oppose the Rochford Mineral Drilling Project #67838.

The environmental impacts would be extremely detrimental. I have been to the Black Hills and stayed on the reservation at Pine Ridge. I know that the ceremonial ground is very sacred to the Native American culture. This is uncalled for.

I ask for a 60 day extension of the 'scoping' public comment period to give everyone a chance to comment.

For sure I believe that the Forest Service should require an Environmental Impact Statement (EIS) for this project.

Thank you for your time, Sincerely, Lorna Walker
