Comments: The Black Hills are sacred to the Lakota people. I'm not Lakota but I care about them getting to practice their culture. This project would disrupt that as well as environmentally damaging the Black Hills.

Please require an Environmental Impact Statement for this project.

I also ask that the Rochford Mineral Exploratory Drilling Project #67838 have a 60-day extension of the "scoping" public comment period, so that we all have a chance to comment.
