Title:

Comments: Rochford Mineral Exploratory Drilling Project #67838: As a citizen and a Christian, I oppose this project. I ask that you would extend the public comment period for 60 days, and require an Environmental Impact Statement. We know how to reduce our threats to land and water from industrial pollution. This is a pristine ecosystem. We must protect such areas from disruption. Thank you for performing due diligence and taken due consideration before pursuing this destructive project.
