Comments: I am writing to you about Rochford Mineral Exploratory Drilling Project #67838. I'd like to request a 60-day extension of the "scoping" public comment period, so everyone has an opportunity to comment.

The Rochford Mineral Exploratory Drilling Project will be awful for the environment. It is also sacred land, vital to traditional ceremonial practices of the Lakotas. They have been denied rights to their lands too many times. We need to do what is right by them, and stop destroying and polluting this country for profit.

The Forest Service needs to require an Environmental Impact Statement. for this project.
