Title:

Comments: OBJECTION. ! To the Rochford Mineral Exploratory Drilling Project #67838. This is on sacred tribal land, which not only could contaminate water but is a ceremonial area for the Lakota! To desecrate this area of natural beauty is akin to despoiling a Cathedral por Vatican City. Lastly. "scoping" public comment so everyone has an opportunity to comment should be vastly extended before the drilling project can be 'rubber stamped into' existence! There has been far too much freedom given to such schemes which do not take account of tribal sovereignty, rights and feelings !
