Comments: I want to comment on the Rochford Mineral Exploratory Drilling Project #67838.

I would like to make a request for a 60-day extension of the "scoping" public comment period, so everyone has an opportunity to comment.

The Black Hills contain sacred land to the Lakota tribe and drilling on this land would impact their ceremonial practices, in addition to the extreme negative impact to the environment that such projects would cause.

It behooves you to require an Environmental Impact Statement (EIS) for this project.
