Comments: Concerning Rochford Mineral Exploratory Drilling Project #67838

Please allow a 60 day extension of the scoping public comment period, so everybody has an opportunity to comment.

I oppose the Rochford Mineral Exploratory Drilling Project. I am seriously concerned about the environmental impacts of the project. Of my utmost concern is water contamination. Such a project would also interfere with Lakota cultural practices. Please protect this territory.

I request that you require an Environmental Impact Statement for this project.
