Comments: The Black Hills are sacred to the Lakota People. Moving forward with Rochford Mineral Exploratory Drilling Project #67838 will damage the land and biodiversity. I request for a 60-day extension of the "scoping" public comment period, so everyone has an opportunity to comment! The potential negative environmental impacts and the disruption of traditional ceremonial practices for Lakotas should not be disturbed. An Environmental Impact Statement (EIS) for this project should be required!
