Comments: I request for a 60-day extension of the "scoping" public comment period, so everyone has an opportunity to comment.

I oppose the Rochford Mineral Exploratory Drilling Project because of it's potential negative environmental impacts and the disruption of traditional ceremonial practices for Lakotas and urge the Forest Service to require an Environmental Impact Statement (EIS) for this project.

It is our responsibility as humans to preserve our natural environment and prioritizing this over financial gain is a must.

Thank you in advance for doing the right thing while there is a chance to do so.
