Comments: Regarding Rockford Drilling Project 67838

The Black Hills is a place of beauty important to many people for many reasons. For some it means recreation and renewal. For others it's a Sacred place,a ceremonial place,a land that holds ancestral memory. Because of this,great deliberation and care should be given to the degradation of the environment and water ways that incursion into sensitive places would bring

I request that you consider a 60 day extension before a decision is made so the public has an opportunity to comment.

Thank you for your consideration.
