Title:

Comments: Brenda C Bell

-PII-

My ancestors were Native Americans. Ancestry DNA showed that I have thirty percent Native American blood. I recently joined the Lakota tribe. Even have listened to their meeting. I oppose the Rochford Mineral Exploratory Drilling Project. The potential negative environmental impacts and the disruption of traditional ceremonial practices for Lakotas. The Forest Service need to require an Environmental Impact Statement (EIS) for this project. No treaty has ever been honored by the United States.
