First name: Alison

Last name: Yellow Hair

Organization:

Title:

Comments: We are all sacred. We are one with the earth, we need to start taking care of her, just as she does for us. I don't know much about this government controversy, but I do know that if we do not take this seriously, we will be doomed as a whole. No one will survive what is coming. Take care Mother Earth. Please! Have respect. Love. Fight for our earth, our land. It's all we have and the only earth we are going to get. Sincerely yours, Alison R Yellow Hair.
