First name: Nina

Last name: Dutton

Organization:

Title:

Comments: Please do not allow the Pete Lien and Sons Rochford Mineral Exploratory Drilling Project, or any other mining, fossil fuel drilling, or extractive commercial operation, to take place at this site. The site is sacred land and must be protected against drilling and other extractive disturbances. Although I do not reside near the site, I am writing in support of Lakota community members and other local residents who oppose the project and wish to protect the site.
