Comments: My name is Phoenix Dunn. I am Cherokee and Lakota. I am a herbalist pursuing education in Environmental Science. Pe'Sla the Black Hills is a sacred site to the Oceti Sakowin and to the surrounding community. I oppose the Pete Lien and Sons Rochford Mineral Exploratory Drilling Project because of the significant amount of damage to the water and air endangering the community while desecrating Pe'Sla, a sacred site of the utmost importance to the Oceti Sakowin. I highly encourage Forest Service to do an Environmental Impact Statement for this project. Please oppose the Pete Lien and Sons Rochford Mineral Exploratory Project. If not out of kindness and respect for the Black Hills and Oceti Sakowin then for the American people who should always be able to see the beauty of the Black Hills for time immemorial.
