Title:

Comments: I oppose the Rochford Mineral Exploratory Drilling Project #67838 because I care about the well-being of the people who live in the region. The project will likely disrupt ceremonial use of the land by Lakota people and may negatively affect the environment, in particular by contaminating water sources.

Please require an Environmental Impact Statement for the project, and please extend the "scoping" public comment period by 60 days so to increase the opportunity for public comment.
