Comments:

I strongly oppose the Rochford Mineral Exploratory Drilling Project #67838.

We must protect Pe' Sla - a site in the Black Hills of great spiritual significance for the Lakota People - from mining.

Most concerning are the potential negative environmental impacts and the disruption of traditional ceremonial practices for Lakotas.

Tell the Forest Service to require an Environmental Impact Statement (EIS) for this project and give a 60-day extension of the "scoping" public comment period, so everyone has an opportunity to comment!
