First name: Margaret

Last name: Conrad-Poor

Organization:

Title:

Comments: I strongly oppose this project. This is sacred, Lakota land. Please, I beg you to think of our next generations of grandchildren and the earth you will be leaving for them. Think about the damage you will be doing that cannot be undone. Think of the pollution and damage to public health. This is disrespectful, harmful and dangerous on many levels. What world do you wish to leave behind?
