First name: Katya

Last name: Tashma-Rapp

Organization:

Title:

Comments: I ask that those supporting this project take a moment to listen. To think about your children and grandchildren's future on earth. To imagine how they might feel if your own homes, churches, or special places were under threat. To pause and know that in this moment by opposing this project you are protecting not just someone else's home but their children's and grandchildren's home as well.
