Comments: Greetings --

I am a resident of Rapid City, SD. I am downstream from the proposed project, and my drinking water could be impacted by it. I have a long-standing interest in water and mining issues in the Black Hills, as well as a PhD in Political Science with a focus on Environmental Policy. I am concerned about this project and urge the Forest Service to reject it.

I incorporate by reference the comments submitted on May 16, 2025, to this site by Black Hills Clean Water Alliance, including all attachments.

Thank you for your consideration of my request.
