First name: Cheryl

Last name: Angel

Organization:

Title:

Comments: My name is Cheryl Angel. My mailing address is -PII-. I am an enrolled member of the Sicangu Lakota Oyate. I recognize the Black Hills area as a religious land base in its entirety because of its significant spiritual and cultural ties to not only my people but several other neighboring tribes. I request an EIS to be completed by the Forrest Service prior to any approval considerations of the Rochford Mineral Exploratory drilling project. I oppose the Rockford Mineral Exploratory Drilling Project based on my spiritual duty to protect sacred sites and water. The process of extraction Uranium is highly intensive and uses methods that will contaminate the water and destroy the peaceful habitat enjoyed by all our relatives, plant and animals, including humans.
