Comments: Please extend the comment. Regarding the fuels reduction project proposed for the Hyalite Cottonwood area of the Gallatins. This area is heavily used, too many people yet aware of this proposal which is deserving of more consideration. Thank you for your time and hopeful cooperation, Jill Baumler

Please extend the comment period on the fuel reduction proposed for Hyalite - South Cottonwood region of the Gallatins. This area is heavily used by many still unaware of the proposal and is deserving of more consideration.

Thanking you in advance for your time and cooperation, Jill Baumler
