Comments: Targhee claims this isn't just "More, more, more" but that's exactly what it is. That's all it ever will be. At the end of the day, they want more money. I grew up in the valley and I grew up skiing at Targhee, but it's even now gotten so expensive I can't ski there anymore. Expanding will make it even more impossible for us locals to even go. They don't care about being better, they only care about the money. Please don't approve this expansion for the sake of the locals, keep our valley away from being an amusement park for people to come trash. Targhee does not NEED the expansion. The skiing is great already. PLEASE SAY NO
