Title:

Comments: Hello,

I wholeheartedly object any expansion of Targhee. The town of Driggs will bare the brunt of traffic, overcrowding in town, strain on the Hospital and local resources and infrastructure. Driggs will be used only so Wyoming can make financial gains from this expansion.

The wildlife impact is overwhelming and will cause irreversible ecological damage. The town of Driggs and the community are not interested in turning into an overpriced elitist ski town.

Please keep Targhee as it is.

Please DO NOT expand Targhee.

Thank you,

Casey
