Title:

Comments: Hello,

I want to add my name to the list of support for Grand Targhee's expansion plan. While I support responsible growth, I recognize that the resort is a massive factor to the quality of life we have here in Teton Valley. It drives business and commerce as well as recreation and happiness, and I would like to see this continue.

I have also seen a number of instances where the resort has supported the community financially. They have sponsored a number of nonprofits that I have worked with, and have been incredibly generous and mission minded in this way, and I would love to see this grow and continue.

Thank you, Phil
