First name: Shane

Last name: Elder

Organization:

Title:

Comments: I'm a native of Jackson Hole and have now spent over 6 decades in one of our 2 beautiful Teton Counties. As an avid skier/ biker/ hiker: I've spent the last 30+ yrs routinely enjoying Targhee and Teton canyon in all seasons. Grand Targhee Resort has sufficient inbounds to attract and retain more than enough patrons to support the inevitable base area buildout of condominiums and enhanced hospitality. As a proud public landowner, I realize the (arguably wrong) land swap at the base area has already ensured the long term economic viability of the resort. Please don't reward an already extremely sweet deal by giving wealthy developers more of MY public land.

In addition to the obvious conflicts of interest already mentioned: we in Teton County, ID will bare the entire impact of all future development at the resort. Teton Valley doesn't want, or need, even further pressure applied to already strained local infrastructure. Make Grand Targhee live within its bounds!

Shane Elder
