Comments: I would like to go on record as strongly opposing the expansion of the Grand Targhee Recreational Area boundaries. I am against also the addition of a mountain-top restaurant. I worry that the communities around Targhee (Victor, Driggs, Teton, Alta, etc.) will not be able to financially handle the infrastructure pressure that would come with this expansion (water, police, medical, fire, roads). I worry about the threats to wildlife and vegetation in the area. I worry that light pollution will threaten dark skies initiatives. Do you want to be another Jackson Hole Mountain Resort with loud music and intoxicated skiers and only wealthy clientele able to afford to ski? I avoid the JH Mountain Resort and drive over the pass to the beauty and peaceful atmosphere of Grand Targhee.

Thanks for the opportunity to comment.
