Title:

Comments: Opposition to Grand Targhee expansion into Teton Canyon for the following reasons:

1. South facing slopes offer minimal, quality ski days due to freeze/thaw, made worse by climate change.
2. Noise and view corridor in relation to the Wilderness boundary and National Park.
3. Most south facing slopes are closed in winter for wildlife.

Opposition to Grand Targhee expansion's impact on Teton County, Idaho's infrastructure:

1. Idaho tax structure does not allow for the budget increases required to support Targhee's expansion plans. This has the potential to put the burden on property owners.
2. Teton County, Idaho will struggle to provide roads, road maintenance, housing, sewer, solid waste, emergency response equipment/staff , and schools.
3. Wyoming receives the benefits, Idaho receives the impact and waste stream.
