Title:

Comments: As a resident of Teton Valley, I oppose the proposed expansion of Grand Targhee Resort, because I believe the management there is not making full use of the current resort area. Expansion into Teton Canyon and Mono Trees will leave an i deli ke mark on this wilderness area that, once developed, will never be the same.

President Johnson established the Wilderness Act in order to protect wild lands for the good of the public, past, present, and future.

"A wilderness, in contrast with those areas where man and his own works dominate the landscape, is hereby recognized as an area where the earth and its community of life are untrammelled by man, where man himself is a visitor who does not remain." - Howard Zahniser

The Targhee Expansion project would trammel the earth, tarnishing the value of this land for generations to come, resulting in diminished enjoyment of nature for the sake of those who believe that bigger is always better. Please keep Grand Targhee within its current boundaries.

Thank you,
Kelli McAllister Bailey
