Comments: To Whom it May Concern:

As a child we sang in school "this land is my land this land is your land....". This. truly is OurLand. We must be good stewards of our land so that our children, our grand children and all future generations can experience and enjoy this land. I do not believe the expansion of Grand Targhee Ski Resort is necessary or a wise decision.

When all of my family ski there are No significant lines. The shuttle bus in the parking lot is hardly ever operational. The Resort is always challenged to find employees and chronically short staffed. Expansion will not solve any of these problems.

This will also have a bad effect on wildlife and the migratory patters that go through the area.

There seems to be a push Nationally to sell or develop Public Land. This privatization is a very bad direction for our country. It is a resource that once it is gone cannot be replaced. I do not support this expansion and I implore you to 'Do The Right Thing' and DENY this request for expansion and preserve this land in its pristine state for future generations to enjoy like we have.

Respectfully,

Tim Barnett
