Last name: Betts

Organization:

Title:

Comments: Hello,

As 40 year residents and business owners in Driggs, ID and supporters and users of Grand Targhee, we do NOT support any expansion of Grand Targhee.

With the current threat of the sale of public land by the current administration and Congressional Republicans, we do not support any plan to commercialize our public lands and our grandchildren's legacy.

Why should any transfer occur to the wealthiest individuals and/or corporations that will forever damage our citizens' environmental resources? It should NOT be allowed to happen for the financial windfall of a few.

We support Alternative One - No Expansion!

Sincerely,

Jan & Don Betts

Driggs, ID
