First name: Michael

Last name: Ball

Organization:

Title:

Comments: I am a multi generational resident of Teton County Idaho, I have lived here my whole life and practically grew up within the forest on the east side. I go fishing, camping, hiking, and horse riding in these mountains, the same ones that my ancestors wandered. I tie my lineage back to Nean Christensen one of the first persons to be documented scaling the grand. I hold these mountains much too dear to have someone with deep pockets take it away from the people who truly love and take care of this land
